# TREILLIS floor

Mokki Design
by Mónica Pinto
2015

Overlarge dimension is the main feature of this floor lamp. Its inspiration comes from the memories of the designer as an "Atlantic Ocean person"where the image of the seaport cranes is a part of her visual and emotional memories till these days. The twisting shapes and angles and the monochromatic feature gives strength and timeless design.

A grande dimensão é a principal característica deste candeeiro de chão. A sua inspiração vem das memórias do designer como "pessoa do Oceano Atlântico" onde a imagem das gruas dos portos marítimos faz parte das suas memórias visuais e emocionais até aos dias de hoje. As diferentes formas, ângulos e a característica monocromática confere força e um design intemporal.
